

I-95/SCUDDER FALLS BRIDGE IMPROVEMENT PROJECT

NOTICE OF PUBLIC HEARING & AVAILABILITY OF THE ADDENDUM TO THE ENVIRONMENTAL ASSESSMENT

The Delaware River Joint Toll Bridge Commission (DRJTBC), in cooperation with the Federal Highway Administration (FHWA), the Pennsylvania Department of Transportation (PennDOT), and the New Jersey Department of Transportation (NJ DOT), is conducting a public hearing for the I-95/Scudder Falls Bridge Improvement Project in accordance with the National Environmental Policy Act and Section 106 of the National Historic Preservation Act. An Addendum to the 2009 Environmental Assessment (EA), which was circulated for public review in December 2009, has been prepared to consider the consequences on the natural and human environment of implementing All Electronic Cashless Tolling (AECT) on the I-95/Scudder Falls Replacement Bridge. The preferred alternative includes replacement of the I-95/Scudder Falls Bridge over the Delaware River and improvements to 4.4 miles of I-95 in PA and NJ to alleviate traffic congestion and improve operational and safety conditions.

The Addendum to the Environmental Assessment and the 2009 EA are available for public review at www.scudderfallsbridge.com and at the following locations until January 3, 2012:
