**DELAWARE RIVER JOINT TOLL BRIDGE COMMISSION TO PRESENT  
STATUS OF I-95/SCUDDER FALLS BRIDGE IMPROVEMENT PROJECT AT  
EWING TOWNSHIP MEETING**

**MORRISVILLE, PA** - The Delaware River Joint Toll Bridge Commission is holding a meeting in Ewing Township to present the status of the I-95/Scudder Falls Bridge Improvement Project on Wednesday, May 9, 2007 at 7:30 P.M. at the Ewing Township Government Complex located at 2 Jake Garzio Drive, Ewing. The meeting is open to the public.

The status of Preferred Alternative and the improvement options that remain under consideration for the Scudder Falls Bridge, I-95 and interchanges in the project area will be the focus of the presentation. At this meeting, locations where noise abatement is warranted, feasible and reasonable in New Jersey and Pennsylvania will be identified. A question and answer period will follow the presentation. The goal of the improvement project is to relieve congestion and improve safety on the Scudder Falls Bridge and adjacent sections of I-95 in Pennsylvania and New Jersey.

The Delaware River Joint Toll Bridge Commission encourages the public to attend this meeting to provide comment and input on the improvement alternatives. Open Houses and a Public Hearing for the public will be held in early Fall 2007 to obtain comments on the environmental documentation for the project. For more information, please visit the Commission's web site for the I-95/Scudder Falls Bridge Improvement Project at [www.scudderfallsbridge.com](http://www.scudderfallsbridge.com), or call the project hotline at 1-800-879-0849 during weekdays from 9 a.m. until 5 p.m.

About the Commission

The Delaware River Joint Toll Bridge Commission, formed by the commonwealth of Pennsylvania and state of New Jersey in 1934, operates seven toll and 11 vehicular and two pedestrian toll-supported (free) bridges along the Delaware River from Trenton-Morrisville to the New York border. These bridges carry more than 136 million cars and trucks each year. For more information about the Commission and its various initiatives to deliver safer and more convenient bridge travel for its customers, please see: [www.drjtbc.org](http://www.drjtbc.org).
